

# SEE ADI'S WORLD LEADING HMEV AND BUSHMASTER AT IDEX 2005

## ADI HIGH MOBILITY ENGINEERING VEHICLE (HMEV)

- Air transportable & self deployable
- Highly versatile engineering capabilities
- Purpose designed to exceed defence requirements
- World's fastest military tractor – 100km/h (64mph)
- Operationally proven with Australian and US armies.

## ADI BUSHMASTER INFANTRY MOBILITY VEHICLE

- Unrivalled mobility
- Operational survivability
- MOTS components selection
- Integrated mine blast and ballistic protection
- Operationally deployed with the Australian Defence Force.

ADI, Australia's premier defence company will display these vehicles at the Al Masood Stand (C3).

Other ADI solutions will be displayed at the Australian Pavilion, Hall 10, Stand 10310.
