## RHEINMETALL DEFENCE AT EUROSATORY 2008

As a top European supplier of army technology, Rheinmetall Defence offers an extensive array of military hardware that enhances the mobility, reconnaissance capabilities, lethality and survivability of troops deployed in harm's way. At Eurosatory 2008, the company will be presenting a wide array of products and services with a special focus on new generations of vehicles with optimized protection concepts, C-RAM-capable air defence, precise weapon systems and ammunition, network-enabled sensors and optronics, state-of-the-art infantry technology, and high-performance simulation and training systems.
